# Guilds

Guilds do not fall within the scope of a regular curriculum.

They are designed to offer you the most work-like experience in a selection of fields.

Extracurricular activities such as the ones you are about to learn about are a great addition to any University application.

In a TASIS Guild, you have the opportunity to make an impact on not just the TASIS community and local Sintra & Lisbon communities, but in some Guilds, you will have the opportunity to work on ideas that impact the world as a whole.

*Let's get guilding!*
